The Memorial building is incomplete and there is no prospect of any more subscriptions coming in To Complete the most necessary portions an advance of Rs 10,000 is asked for and considering the public character of the building and the motif of the memorial, I think Government would do well to come to the aid of the Committee and advance the whole sum of Rs 10,000 (of which a part is already due) and the projected work might be done under the supervision of the D M S

24 Submitted to His Highness

(1) In pursuance of a Resolution of the Sir Sheshadri Iyer Memorial Fund Committee, the Honorary Secretary to the Committee has applied to the Government for an advance of Rs 10,000 required for completing the front of the Memorial Hall, out of the rent payable by the Government at Rs 250 a month for five years (amounting to Rs 15,000 for the whole period) for the location of the Sloyd classes at Bangalore in a portion of the Memorial Hall

(2) The rent due up to the end of the past official year is Rs 2,250 (for 9 months) and the rent for the current official year is Rs 3,000 In addition to paying the arrears due, the Financial Branch is agreeable to the rent for the current year being paid in advance - making a total of Rs 5,250 The Financial Branch does not recommend the grant of any larger advance

(3) The Second Councillor agrees to the payment of the advance as proposed by the Financial Branch But the First Councillor is of opinion that in view of the special circumstances of this case the full amount

of the advance asked for may be paid

(4) I submit the papers for His Highness'orders

(5) It does not appear that the Committee have taken all possible steps to recover arrears of promised subscriptions or to make the building yield a sufficient revenue in future such as by equipping it with lights, furniture &c And it is obvious that if Government give all they ask for no body else would come in with contributions I think therefore that Government help should be restricted to loans on the security of the building

from the Education Department for the use by it of a portion of the building for the Sloyd Class from September 1907 to September 1909

IV That, following the precedent of 1908-09, the taxes demanded by the Municipal Council for 1909-10 be paid, but that conditions having since changed and the building being in the language of the proviso to section 59 of the Municipal Regulation of 1906 one " Ordinarily used for a charitable purpose", a representation be made to the said Council that the building be exempted from future payment of taxes The payment promised by Government is practically in the nature of a grant-in-aid for the purpose of enabling the Committee to meet the cost of completing the building and neither that payment nor the use to which the Hall is being put by Government affects the character of the building in any way

V Public feeling being strongly in favour of the Statue which has been lying in a box for several years, being erected at some suitable place without any further delay, the Committee are of opinion that since the site already selected and graciously approved by His Highness the Maharaja, could not as is apprehended be made available in the near future after effecting the proposed extension and improve-ment of the Cubbon Park, the Statue should be put up temporarily at some other place from which it could be easily shifted to the site above mentioned Of the three alternative sites suggested in this connection the small bit of ground in the rear of the Hall was by all the members present considered unsuitable Mr Puttanna Chetty and Mr Sparkes were in favour of the triangular piece of land opposite the Ookad Mr Krumbiegal too thought that except for its distance from the Hall this was an excellent site for the statue permanent or temporary The other members were however not in favor of this site

Resolved in accordance with the opinion of the majority that the Statue be temporarily erected on the small piece of land

land in front of the Memorial Hall i,e between the Hall and the present Sheshadri Road While emphasizing the temporary character of the arrangement this would have at the same time the advantage of not dissociating the statue even temporarily from the Memorial Hall, the latter being a merit to which the Committee attach no small importance As soon as the improvements under contemplation are made by Government the Committee will take steps to have the Statue removed to and reerected on the site already finally decided upon
